Alumni Job Club

The Job Club is designed specifically for alumni who have at least two years of post-college work experience and are currently in a career transition or out of work. The Job Club will cover specific career topics such as enhancing your job search skills, networking success, establishing a “personal brand,” and improved resume writing. The Club also operates as an accountability and support group and gives the members an opportunity to share ideas and resources. The Job Club meets at the Water Tower Campus on a weekly basis for eight consecutive weeks (an 8 week commitment is required), and registration will be limited to ten people.

Interested alumni will need to meet for an individual intake session prior to joining the group. The fee for the 8 week group is \$25. For more information about the next Job Club, please contact Donnell Turner, Career Advisor, at 312-915-7818 or e-mail dturne5@luc.edu.
